And What Have You

By BOB CRAIG

"America is NOT a sick society. Let us stop condemning our whole populace for the sins of a few. Let us stop this nonsense of self-reproach and self-ridicule and throw off the guilt complex which threatens to envelop our country. When we face adversities and tragedies, let us do so with resolute confidence, avoid panic, and reserve judgment until all the facts are known.

"Historically, Americans are doers, not worriers. No country has ever done, or is doing, more for its own underprivileged citizens and for the unfortunate people of the world than the United States. Our record speaks for itself. We have no reason to be ashamed; indeed, we have much to be proud of. This is not to say that our society is infallible and has no problems. We do make mistakes, and we do have many great problems. But they are not insurmountable if we do not despair.

"Some of our difficulty today arises from the fact that too much attention is given to various dissident elements which have a lot of noisy energy but little purpose. Many of them are complaining about conditions which they helped to create. Now, they want our whole society to plead guilty to mass ineptness. This is ridiculous.

"A noted columnist, commenting recently on the guilt complex sweeping our country, said, 'I am tired of the hangdog American . . . a guy who lives in the greatest country on earth and feels he has to apologize for his own existence . . . The hangdog American is in danger of losing the fierce independence and self-pride of his pioneering ancestors. He is not only capitulating to his carping critics — he is becoming his own worst critic by doubting or distrusting his own obvious virtues, courage, ingenuity, loyalty, generosity, idealism. That is the worst thing that can happen to any man — to lose faith in himself.'

"To me, this makes sense. Courage, ability, and pride are hallmarks of success in any endeavor. A defeatist attitude is seldom associated with a winner or a leader. America is a world leader in the cause of justice, liberty, and the dignity of man. We have no reason to act or think as losers or second-rate citizens.

"It is time for Americans to shed their apologetic demeanor and stop belittling themselves. The hard-working, tax-paying, law-abiding people of this country are responsible for its growth and development. They provide the strength and resources which move our country forward. They aspire to the goals, principles, and ideals which are meaningful to all people. It is wrong to malign and accuse this vast group every time a crisis develops.

"No, our society is NOT sick. But, I suggest we check the pulse of the self-styled diagnosticians who see a social malady from every soapbox."

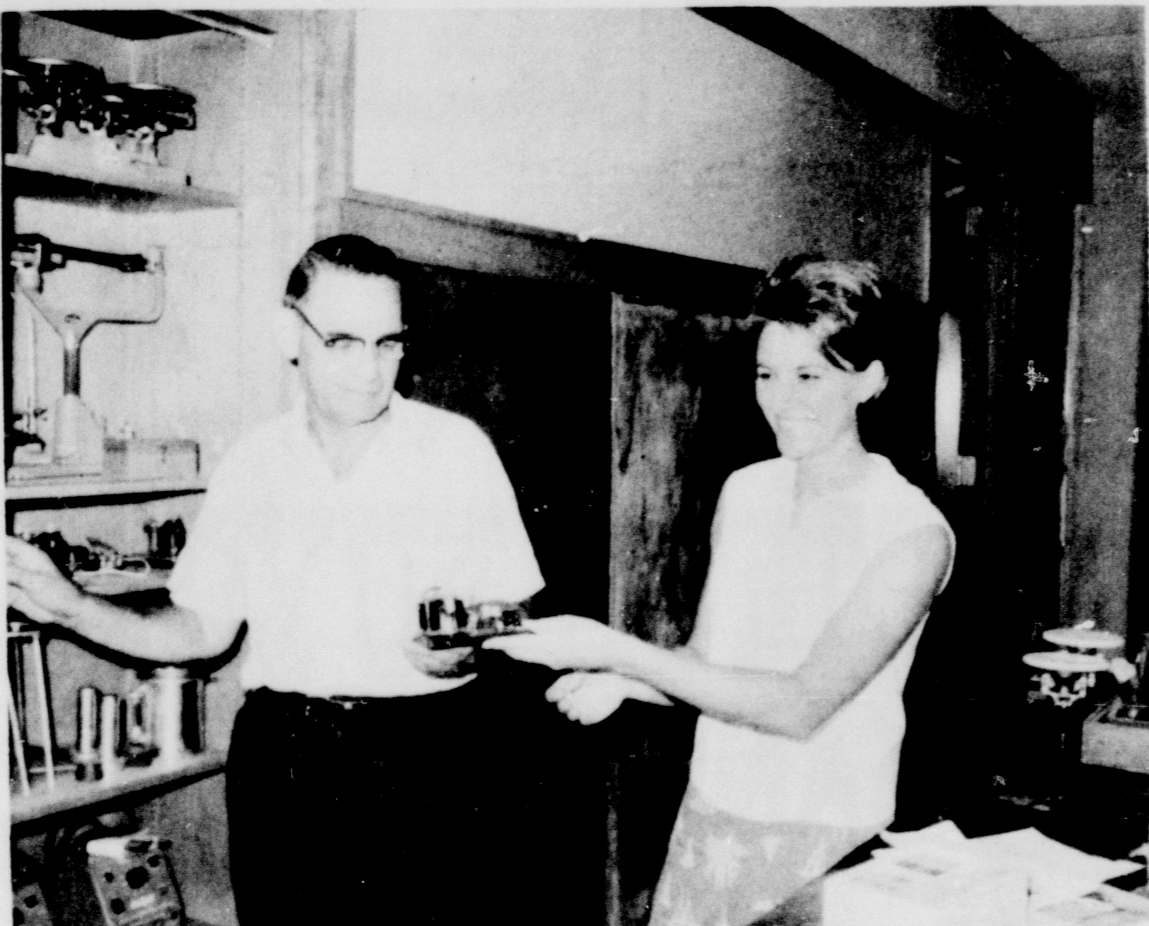

The above is quoted from J. Edgar Hoover in the August issue of the FBI Law Enforcement Bulletin. We liked it and thought we would pass it along.

We seem to find ourselves in the position of no matter what we do as a nation it is not good enough to please our critics. Every once in awhile we need to hear someone that we respect tell us that things are not nearly so bad as we are led to believe.

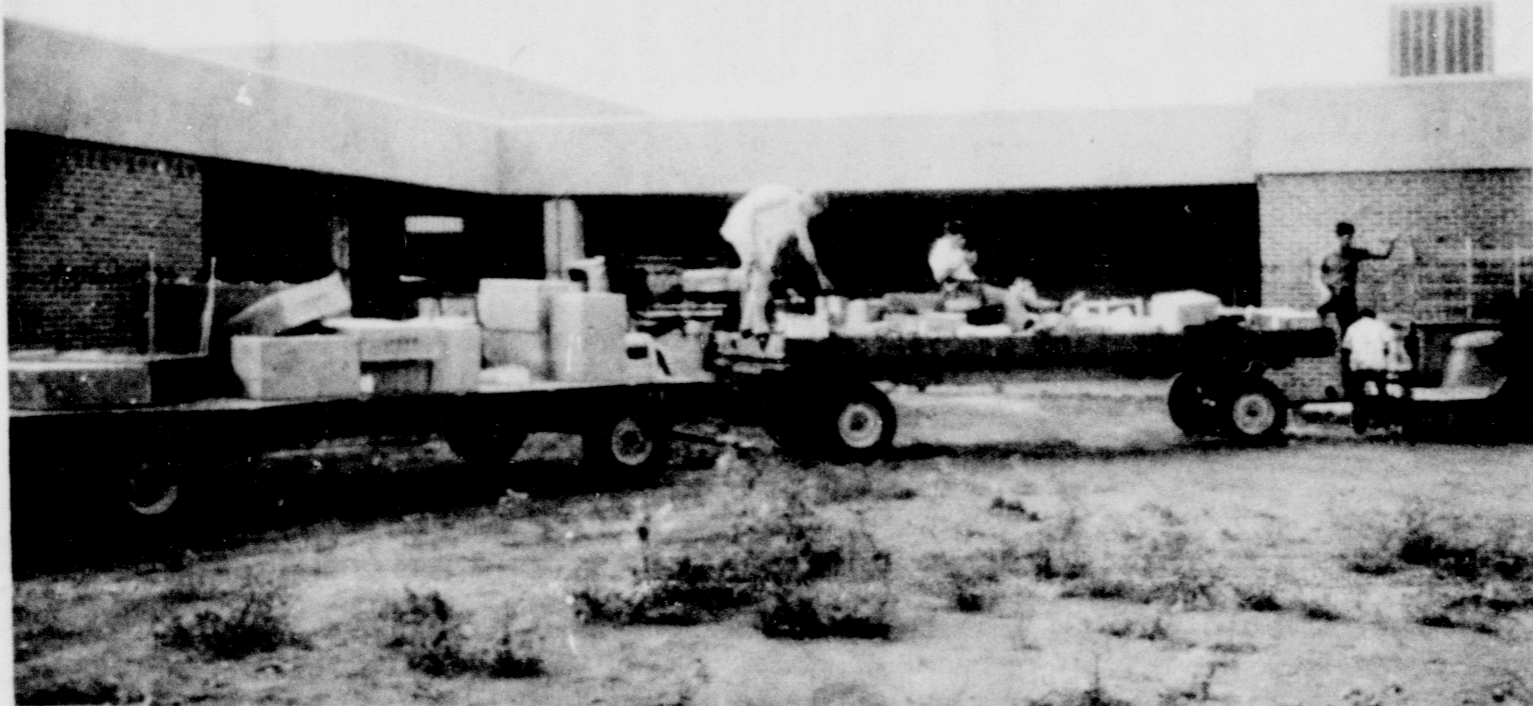

We made a hurried tour of the new high school building the other day and it is something that we can all be very proud of. It almost makes you want to go back to school again.

Principal B. V. Newberry does not let his chopped up toes keep him from supervising the move. He operates part of the time on crutches but when he wants to get somewhere in a hurry he takes to his wheel chair and goes a scooting.

We have had a request to operate a lost and found department in a search for some lost underwear. It seems that one of our volunteer firemen came up short his shorts after a swimming party sponsored by the Fire Boys. It is our understanding that he surely would like to have them back.

IN SCIENCE DEPARTMENT — Mr. Harold Williams, chemistry and physics teacher, is assisted by Mrs. Dan Newberry, recently hired as biology teacher, in placing physics equipment into the glass enclosed display cases at the new high school. The move into the new building started Monday.

NOT REALLY A HAYRIDE — It is not all work and no play for the young boys helping with the move to the new high school. Here, after loading the trailers at the

old building they have had a ride to the new location, and are now ready to start work again unloading the equipment and supplies.

Recruiting Meeting for Sept. 21 Homecoming Plans Taking Shape

A recruiting meeting for the Hamlin Civil Defense Service will be held at the primary cafeteria Friday at 7:30 p.m., according to Chief Bryan Wasson, coordinator.

The HCDS has been organized for the direction and control of emergency operations during periods of national

emergency, major accidental disaster and natural disaster.

Volunteers are needed for such jobs as first aid, transportation, communication, radiological monitoring, fallout shelter managers and various other duties. A new branch just organized under the HCDS is an Auxiliary Police Service.

The mission of the Civil Defense Service has been set out as: the general safety and welfare of the people of Hamlin; the survival and recovery of the local government; and the contribution to the defense of the nation.

Any person that is interested in learning more about how they can be of service to the community is urged to be present at the meeting Friday or contact Chief Wasson.

The Auxiliary Police Service has been set up to act as a reserve to augment the local Police Department.

Monthly training sessions will be conducted for this branch of the HCDS with the members, subject to call by the local Police Department. Members will also be expected to devote a designated amount of time weekly to non-hazardous police duties such as checking doors, directing traffic, etc.

Members will be required to furnish their own uniforms with a badge and shoulder patch to be issued by the Civil Defense Service. Members of this branch may not be armed unless specifically authorized by the Chief of Police.

No City funds will be used for the Service and each member will be required to pay a \$10 initiation fee to provide operating funds.

All applicants must be U. S. Citizens at least 21 years of age and be a resident of Jones County.

Sept. 21 Homecoming Plans Taking Shape

Letters to be mailed to ex-students of Hamlin High School announcing the plans for the 1968 Homecoming to be held Sept. 21 have been prepared, says the president of the ex-student organization, Mrs. David Wade.

Queen nominees have been selected and their names will be announced at a later date, Mrs. Wade said.

Plans made at a recent meeting of the ex-student officers include the change of a barbecue dinner Saturday at noon to a light luncheon with a Smorgasbord being served from 5 to 7 that evening.

Tickets for the Smorgasbord will be \$1.50 for adults and \$1.00 for children under 12.

The Ex-student Association is requesting that merchants, who have Piper flags from last year used for display outside their places of business, put them up a short time before the Homecoming event. If this is not convenient, the

merchants may call Mrs. Wade and the officers will see to putting the flags in place.

The ex-students voted at a previous Homecoming to furnish the teacher's lounge at the new high school building. Donation are being received for this fund and may be addressed to the Ex-student Association, Box 323, in Hamlin.

High School Move Started

Activity is reaching an accelerated pace in the Hamlin Schools since the new high school building was received by the Board of Education last Friday and moving to the various buildings got underway Monday.

Students in the top four grades will be in the new building. The sixth, seventh and eighth grades will move into the old high school building and the third, fourth and fifth grades will move into the old junior high building. Only the first two grades will be in the primary school.

The building formerly used as the elementary building will be used for the reading center and public school music classes.

Students will register in the buildings that they will occupy when the school term

begins Aug. 26.

Junior high students will report to the old high school building Tuesday, Aug. 20, to complete enrollment cards, receive books and get locker assignments. The eighth grade will report from 9 to 10:30; seventh grade, 10:30 to 12; and sixth grade, 1:30 to 3.

New students will also follow the above schedule, says Marvin D. Carlton, junior high principal. Students unable to register according to the above schedule may enroll either Thursday or Friday, Aug. 22, 23.

High school students will register at the new high school building according to the schedule announced last week. Seniors are to report from 9 to 11 a.m. and Juniors from 1 to 3 p.m. Monday. Sophomores will report from 9 to 11 a.m. and Freshmen from 1 to 3 p.m., Tuesday.

Principal B. V. Newberry instructs new students in the district to report to the school Thursday or Friday, Aug. 22, 23, or the opening day of school.

Only the first two grades will be in the primary building this year, according to the principal, Mrs. Fred Smith.

Pupils in the first and second grades should be accompanied by a parent when they report for their first day of school, Monday, Aug. 26 at 8:30 a.m., says Mrs. Smith.

Parents may assist their children in locating their rooms, get their meal tickets, and sign their children's enrollment cards while there, she added.

First grade children who did not have their birth certificates at pre-school registration must bring their birth certificates before they are enrolled, the principal warned.

Parents of children who did not reside in the Hamlin school district last year and will be in the first or second grade this year should call Mrs. Smith at SP 4-1747 to register the pupil.

Children who ride the bus or those who have to wait for an older sister or brother will wait in the room designated as the bus room. When the buses come and the elementary and school is dismissed, the teacher in charge of these children will supervise their getting on to the buses.

Supplies needed for the first grade include cigar box, No. 8 Jumbo crayolas, wide tablet but not wide lines, a large primary pencil, scissors, \$2 for other supplies. A book satchel is not necessary unless it will fold and go into the desk.

Second grade supplies include cigar box, Elmer's Glue, No. 16 crayolas, No. 2 pencil, scissors, manuscript imaginary line tablet, construction paper and \$2 for other supplies.

The third grade will join with the fourth and fifth grades in moving into the old

Enrollment will get underway in the new location at junior high school building, 8:30 Monday, Aug. 26. A list of names will be posted on the door of the room to which the students have been assigned.

"Fit the Crime"?

"To make the punishment fit the crime" may have been enough of a goal, a century ago, for the comic opera team of Gilbert and Sullivan.

But not for modern criminologists. Today's goal, as the United States Supreme Court put it, is to make the punishment "fit the offender and not merely the crime."

Consider two robbers. One is a veteran safe cracker, wise in the ways of the underworld. The other is a teenage purse snatcher, nervously trying to be tough.

Both offenders are guilty of the same crime: robbery. Yet there are obvious reasons for not treating them alike. They are different not only in the degree of their evil but also in the chance of saving them from a life of crime.

When the time comes to pronounce sentence, the judge naturally wants to take such differences into account. But he may not have any leeway. Very often a single, standard penalty is prescribed in advance by the legislature.

What happens then? There are these possibilities:

1) the judge may be forced to impose a sentence that he feels is unwise; or

2) he may get around the law—maybe by arbitrarily reducing the charge, maybe even by finding the offender not guilty at all.

In either case, as the unhappy result of a "prefabricated" sentence, justice is not done.

The problem was highlighted recently in a special report on sentencing, by an advisory committee of the American Bar Association.

The committee's report, part of a massive ABA study of criminal justice, urged a speedy end to too-rigid penalties frozen into law.

True, it is up to the legislature—as spokesman for the public—to set our basic standards for the punishment of wrongdoing. But when it comes to applying those standards in a particular case, the committee said the judge should have plenty of options. He, after all, has to deal with an individual human being. Who better than the judge can make the punishment fit the man?

Dallinger-Cheshier Vows Exchanged

Betty Joanne Dallinger, daughter of Mr. and Mrs. A. H. Dallinger of Ballinger, and Barry Lee Cheshier, son of Mrs. J. W. Cheshier and the late Mr. Cheshier, were married Saturday at 8 p.m. in the First Methodist Church of Ballinger.

Mr. John Morgan, minister of the Church of Christ, read the double ring vows. Mrs. Wm. F. Postlethwaite of Arlington was organist and Mrs. Rich-

ard Tadlock of Clarksville, Tenn., was vocalist. Selections were "O Perfect Love," "I Love Thee," and "Wedding Prayer."

Mrs. Shultz Hadley of Fort Worth was matron of honor. Bridesmaids were Virginia Gray and Mrs. Graydon Trusler, both of San Angelo.

Martha Postlethwaite of Arlington was flower girl. Candelighters were James H. Crawford and Russell Hearn, both of Ballinger.

Bob Tanguim of Austin was best man. Groomsman were Don Cheshier of Sweetwater, uncle of the bridegroom, and Tom Webb of San Juan.

Cecil Darby Jr. of Ballinger, Don Smith of Arlington, Shultz Hadley of Ft. Worth and Richard Tadlock of Clarksville, Tenn., seated guests.

The bride, given in marriage by her father, chose a formal length gown fashioned of candlelight silk peau de soie and Alencon lace. The gown, designed with a portrait neckline and a skimmer silhouette, featured bracelet length bell shaped sleeves edged in scallops of Alencon lace. The lower part of the slim A-line skirt was veiled in a deep overlay of lace, creating a scalloped hemline. A wattleau train of silk fell from the back shoulders to sweep to a full chapel length. Appliques of lace, hand beaded with imported pearls, were scattered over the train and front of the skirt.

Her veil of silk candlelight illusion billowed from an heirloom circlet of orange blossoms to fall the length of the chapel train.

The bride's flowers were a cascading bouquet of white gladiolus, centered with a white orchid, fashioned on an heirloom Bible carried by the bride's mother at her wedding. The bride's attendants were attired in formal length gowns of yellow silk crepe, accented with a lace jacket. Their floor length veils of yellow illusion fell from a circlet of flowers. They carried bouquets of gladiolus arranged on ivory fans, from which yellow ribbons cascaded.

The reception was held in the church parlor.

After a wedding trip to South Texas the couple will live at 210 Austin in Grapevine.

The bride, a graduate of Ballinger High School, attended Abilene Christian College where she was a member of Big Purple Band and orchestra, the international music sorority, Mu Phi Epsilon; education honor society, Kappa Delta Pi; Zeta Rho social club. She graduated from North Texas State University in Denton and is a candidate for a master's degree in music at NTSU. She will teach music at Grapevine.

The bridegroom, a graduate of Hamlin High School, served four years in the U. S. Navy, spending the last two years with the American Embassy

Top Entertainment Lined Up for West Texas Fair in Abilene

ABILENE — Entertainment features scheduled at the 1968 West Texas Fair, Sept. 9-14 are the most exciting in the history of the exposition, according to Bob Morford, president.

"The Fair Association is proud of the quality and quantity of entertainment to be offered during the six days of the annual exposition, starting off with the Goldiggers and winding up Saturday night with the annual gridiron battle between the Cooper Cougars and the Brownwood Lions," he said.

The Goldiggers is a group made up of 12 beautiful and talented girls, 18 to 22 years old, from colleges and high schools across the country who were selected to appear on the Dean Martin TV summer replacement show. Not only can they sing and dance, but they wear clothes and are good to look at, said Fair President Morford, who has viewed them on KRBC-TV at 9-10 p.m. Thursdays throughout the summer. The Goldiggers will appear in concert each night on the Fair's Midway Stage.

Wednesday and Thursday night an added attraction on the Midway Stage will be the Ink Spots, a group of singers and musicians identified the world over as purveyors of ballads and sentimental type songs.

They are adept in their dance music, in numbers ranging from slow fox trots to rumbas and the current "rock" beat.

Friday and Saturday night the added feature on the Midway Stage will be Sarah Ophelia Colley, better known in the entertainment world as Minnie Pearl of Grande Ole Opry fame.

Miss Colley, after graduating from Ward Belmont College, a fashionable girl's finishing school in Nashville, Tennessee, started out teaching dramatics. She switched to traveling throughout the South, giving dramatic readings and coaching local talent.

Minnie Pearl evolved from the bits of humor and colloquial expressions she picked up in her travels. She chose Grinders Switch as Minnie's hometown, because there is such a tiny Tennessee crossroads town by that name.

In addition to these special Midway attractions, there will be the ever popular Bill Hames carnival and midway shows each night of the Fair.

Also, at least two amateur bands from some West Texas community will compete each night in the "Go Go City Battle of the Bands" on a stage to be provided especially for this event.

Another special attraction inside the Fair gates will be the display of custombuilt automobiles, including the world's champion dragster, Spirit II, Batmobile, the Dakota Safari Wagon, Alvin Acorn Safety Car and the Manix Roadster.

in Cyprus. He attended NTSU and will attend the University of Texas at Arlington this fall.

Then Friday night, the Abilene High School Eagles open

the high school grid season in a game with Ysleta High Indians in P. E. Shotwell stadium across the street from the Fair. Saturday night the state runner-up 4-A champions, the Cooper Cougars, meet the state champion 3-A Brownwood Lions in what promises to be one of the real ding-dong battles in school-boy football this season.

Joe A. Simpson returned last Thursday from Scott and White Hospital at Temple where he had surgery.

Discussion Group To Meet Tuesday

A meeting of the women's discussion group, Women-in-Concern, will be held at 8 p.m. Tuesday, Aug. 20, in the Fellowship Hall of First Baptist Church.

Mrs. Belton Hooper will direct the discussion on economic prejudices.

All women of the Hamlin area are invited to attend. Mrs. Floyd Clifton will serve as hostess.

LEE ACRES UNITED METHODIST CHURCH
TUPELO, MISSISSIPPI

We know it has been asked a lot of times and there have been, undoubtedly, many answers to the question, "What difference does the Galilean make in a life?" We recently ran across this true story that took place in a town in the Middle West.

A Methodist church needed a janitor. The minister called his board together. He suggested that they employ a town loafer by the name of Anderson. There was silence for a short period, and then someone spoke: "Is that the best we can do? He has been a bum for years. No one in the city has any respect for him." So they decided to wait another week and try to find someone else. Finally, in desperation they employed the town bum. As time passed he took pride in his work. He began to take pride in himself, also. He kept the church clean and himself clean. He became polite, agreeable, and anxious to please. For a year he sat on the back seat at every service and was a most attentive listener. Then one day he went over to the minister's home and asked if he could join the church. The minister was glad that he had made this decision.

After another year, he went again to the minister and asked permission to teach a class of boys. He was granted the wish and was still teaching the class when the minister left for another church.

It was several years before the preacher came back to the town. Some of the faithful church members met him at the train. One of them greeted

the preacher and spoke to him. "I will drive you over to the home where you are to be a guest. Your host was tied up in a board of directors meeting at the bank and couldn't get away. You are to stay at the home of Mr. Anderson." The minister stopped and looked at the gentleman. He had a puzzled expression on his face. The gentleman explained what had happened. "Mr. Anderson is now one of the most popular and respected men in the city. He is president of the bank. A wealthy uncle discovered the transformation that had come over his nephew and left him a fortune in his will. He still teaches a class of boys in Sunday School, and he is also still janitor for the church. Many times he has said that "God cleaned my life and my soul, and as long as I live I will personally see that His house is kept clean."

The story is true. A town bum who took a job as janitor when no one else could be found became one of the outstanding citizens of the city. That is what the Galilean did for him. He put purpose and meaning into an otherwise meaningless life. We think that this story is a living example of what the little Jew tent-maker meant when he wrote: "If any one is in Christ, he is a new creation; the old has passed away, behold, the new has come."

May I close by saying that this is not a new story about what the Galilean can do for one. It is an old story. It is also a story of what He could do for you if He had His way.

Neinda Philosopher Says Delegates Have Advantage Over TV Audience At A Convention

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One obviously listened to the convention last week, and will listen to the next one.

Dear editor:
I have noticed in all the newspapers I found right after the Republican Convention, just like I'll notice in those I find after the Democratic Convention, a sort of morning-after report on the doings, a summing-up concluding that there ought to be some other way to select candidates.

"Did you watch it on television?" one writer asked. "Why, the delegates were stirring around so much, walking in the aisles, talking with each other, or dozing in their chairs or reading newspapers, that nobody in the auditorium could hear the speeches. It must be frustrating to make a speech with nobody listening."

The trouble with the commentators is they don't understand these things.

Sure, it's frustrating to make a speech nobody is listening to, but it's more frustrating to make a speech everybody is listening to and nobody enjoying.

It's true you can hear the speeches better on television than the delegates can on the floor of the convention, but judging by most of the speeches I heard on my TV out here, that's one of the main advantages of being a delegate.

You can get just as frustrated at a speech you can hear as one you can't.

The way it looks to me, the delegates, after years of experience at such things, have perfected a system of making a convention tolerable to themselves, but the television audience, it still remains helpless.

I know that the television people try to remedy this by sending their reporters around the hall during the dull speeches carrying a small television

station on their back with an antenna sprouting out of the top of their head to interview this or that state leader, each of whom seems delighted to be on television, but they don't say much.

This is understandable. Very few people have much to say anyway, but this doesn't keep them from saying it, on camera or off. As I was saying to my wife yesterday, you told me that the day before.

Yours faithfully,
J. A.

Three Part Series to Tell Cost, Value of Social Security Program

Ed. NOTE: This is a first of a series of three articles on the cost and value of today's social security prepared by R. R. Tuley, Jr., Abilene District Manager for the Social Security Administration.)

"I must have paid you folks many thousands of dollars since 1936; how much are you going to pay me when I retire next month?" is a query all social security interviewers hear time and time again. This series of short articles is designed to work out some answers for readers of this newspaper.

The person reaching age 65 in December of 1968, having paid the maximum social security tax of \$3,016 as an employee since 1936 or \$3,829.20

as a self-employed person since 1950, will be due a monthly retirement benefit of \$158.20 per month starting with January 1969. If his wife is 62-63-64 or 65, she will be due from \$59.30 to \$70.10, depending on her exact age. The couple's total, from \$207.50 to \$237.30 means the tax payment will be recovered in less than 15 months for a former employee and less than 19 months for the retired self-employed person.

But what of the person now aged 22 and paying the maximum social security tax from now until age 65 is reached. What will it cost him and what will it pay him, under present legislation? See the next article soon to appear in this newspaper.

Bernice White Recognized At Job Corps Center

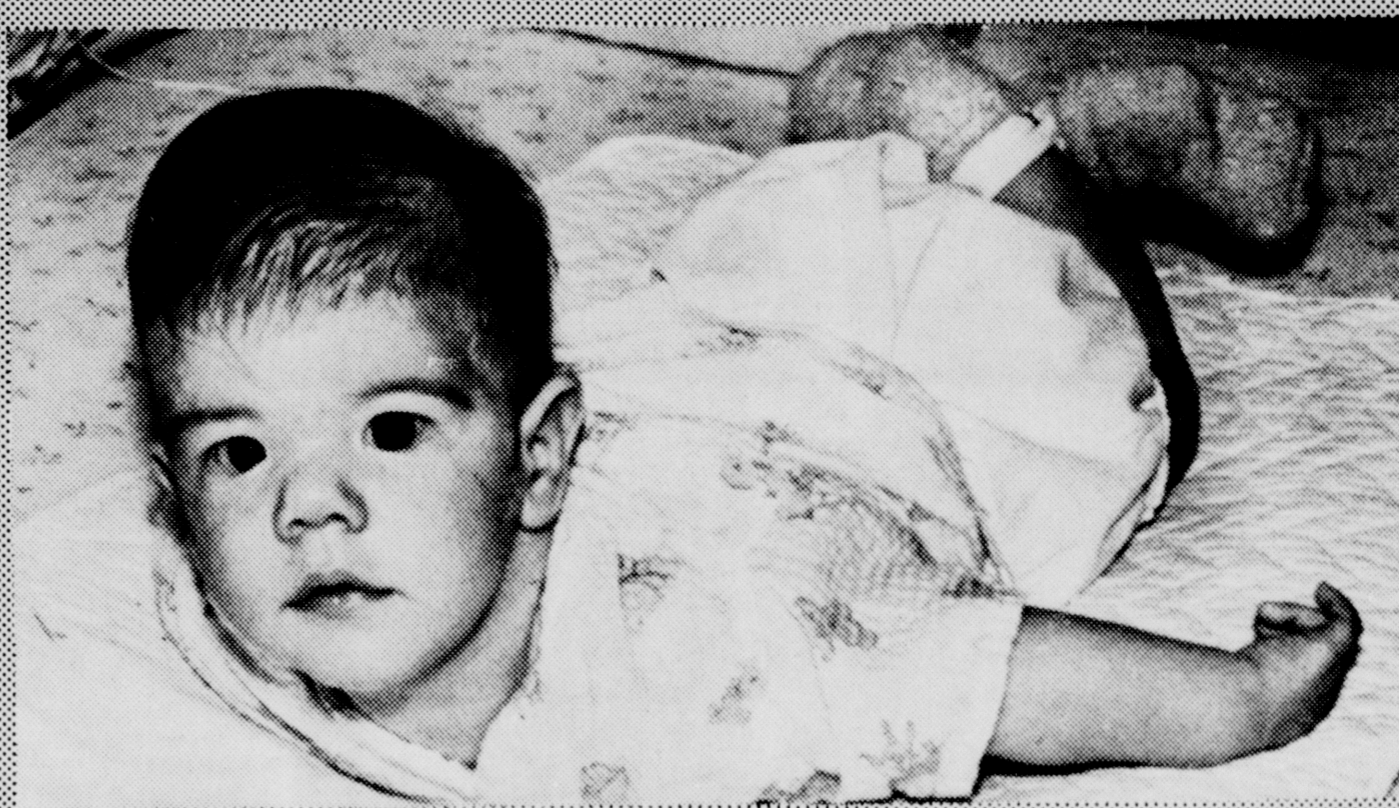

Mr. and Mrs. Bill Cork received a complimentary message from the McKinney Job Corps Center for Women concerning their daughter, Bernice, for outstanding services she contributed during a recent assignment.

Bernice, 18, attended Hamlin High School.

She recently completed an assignment as Assistant Resident Advisor. In this capacity she helped the staff member in her dormitory with the supervision of some 25 girls.

She has been in the Job Corps about a year and is studying interior decorating.

Guests in the home of W. R. Townsend and Robert Sanderlin were Mr. Townsend's children, Mr. and Mrs. James Townsend of Denver City; Mr. and Mrs. Weldon Townsend of Abilene; Mr. and Mrs. Clifton Townsend and Mrs. Donnie Sanderlin, all of Odessa, and Mr. and Mrs. S. E. Carnes of Ozona. Six grandchildren and two great-grandchildren were present.

John Doe ?

During the last war Kilroy was the name of the man who had been there. John Doe, the encyclopedia tells us, is the name used in legal documents to describe a person whose real name is unknown.

You do not know the name of this darling baby, and his name may be unknown to us, but in his eyes dwell love and trust. His eyes are like doe-eyes. Yet the male deer is a young buck, rather than a doe, and he is known for his swift running and his ability to jump to high places.

Our prayer for this young man is this:

May the Lord *strengthen and stablish you*. Then as Isaiah says in the 6th verse of the 33rd Chapter, *wisdom and knowledge shall be the stability of thy times, and strength of salvation: the fear of the Lord is his treasure.*"

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Section 1. That Section 48a of Article III of the Constitution of Texas be amended so as to read as follows:

"Section 48a. In addition to the powers given the Legislature under Section 48, Article III, it shall have the right to levy taxes to establish a fund to provide retirement, disability and death benefits for persons employed in the public schools, colleges and universities supported wholly or partly by the state; provided that the amount contributed by the state to such fund each year shall be equal to the aggregate amount required by law to be paid into the fund by such employees, and shall not exceed at any time six per centum (6%) of the compensation paid each such person by the state and/or school districts; and provided that no person shall be eligible for retirement who has not rendered ten (10) years of creditable service in such employment, and in no case shall any person retire before either attaining the age fifty-five (55) or completing thirty (30) years of creditable service, but shall be entitled to refund of moneys paid into the fund.

"Moneys coming into such fund shall be managed and invested as provided in Section 48b of Section III of the Constitution of Texas; provided a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may be provided by law; and provided that the recipients of such retirement fund shall not be eligible for any other state pension or retirement funds or direct aid from the State of Texas, unless such other state pension or retirement fund, contributed by the state, is released to the State of Texas as a condition to receiving such other pension aid; providing, however, that this Section shall not amend, alter, or repeal Section 63 of Article 16 of the Constitution of Texas as adopted November, 1954, or any enabling legislation passed pursuant thereto."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Monday in November, 1968, at which election each ballot shall have printed thereon the following words:

"FOR the amendment to Section 48a of Article III allowing contributions to be made on the basis of full salary of members of the Teacher Retirement System of Texas."

By MRS. R. M. BABB

A light shower this Monday morning and it is much cooler. We need more rain, maybe we will get some more.

YEARS AGO--

51 YEARS AGO

(Friday, August 17, 1917)

The exemption board of Jones County has called 500 more boys to be examined for military service. This is not the second call but a call to finish out the first quota of 209. So many exemption claims were filed that the quota could not be obtained. It is most certain that the grounds for exemption will be arrowed and finally many married men will have to go. The following from Hamlin offered no excuse for exemption: Ulrich Baker Smith, Will Clarence Matchett, Russell Gordon Ansley, Reno Rowland Whitley, Henry Drummond, William Taylor Rowe, Bryan Edward Lucore, James Calvin Wheeler, William Floyd Smith. Also Elmer Dean of McCaulley.

We are informed by the peace officers that the automobile laws will be strictly enforced. Remember there must be no glare from your lights — red rear light and well muffled.

Prof. and Mrs. R. N. Richardson of Abilene, were here the first of this week visiting Mrs. Richardson's parents, Mr. and Mrs. J. Mayes.

Misses Susie Veazy and Viola Brains will leave Friday (today) or Saturday for the millinery markets and will be gone for a week or ten days, in the meantime competent hands will have charge of the millinery department.

25 YEARS AGO

As the hot weather continues the ice situation gets worse mighty fast. Never before have the people of this community rushed down to buy ice like they are doing these days, and getting none. Several years ago ice was produced in abundance, then the water was scarce and of poor value for ice. They shut down. It would be a boon for this section of about 800 square miles if we could make 20 tons of ice from the excellent water that is now in abundance for Hamlin. Even if the company could get a priority for replacements they could not be found, for the factories have long since gone to war.

Mr. and Mrs. H. O. Cassle received a letter from their son William Arlie, Tuesday, Aug. 10 that had been dated Aug. 1, somewhere down there where they are killing the varmints Japs. He said he had been in some hot spots, but was feeling fine.

Sailorman Edgar Lewis, son of Mr. and Mrs. J. O. Lewis, near McCaulley, came in on Thursday night of last week for a short stay at home after taking boot weeks training at San Diego.

Lee Francis Hastings left Tuesday for the Navy. Also Othel Murphree and Jesse Locke, volunteered for the Navy and left for Lubbock Monday.

Pfc. L. B. Bruner from Sheppard Field, visited his parents, Mr. and Mrs. Roy Bruner Saturday and Sunday.

Mrs. W. H. Seymore died Thursday, Aug. 5. Survivors include two sons, Homer of

Pre-registration of Hamlin High School students for the coming term will be held Monday and Tuesday, August 25 and 26, it is announced this week by B. V. Newberry, high school principal. School will officially start on Tuesday, September 2.

Many people in the Hamlin territory have not taken advantage of opportunities to take Salk vaccine inoculations, declare health authorities.

Before the advent of the Salk polio vaccine, Texans prayed for a release from the ravages of paralytic polio for themselves and their children.

Since the decline of cases, an apathetic state of mind has fallen on many Texans concerning the need for protecting themselves.

Plans are shaping for a big attendance at the picnic sponsored by the Lions Club for their ladies and members and guests of Hamlin Rotary Club, scheduled for Tuesday evening at the Hamlin City Park.

The Jones County Tuberculosis Association will meet in Stamford Monday, Aug. 19, at the Cliff House for dinner at 7 p.m.

Mrs. Emily Boyd and Miss Peggy Boyd of the Texas TB Association will be the speakers.

Mrs. John L. Grissom, executive secretary, made the announcement.

Bridge Winners

A Blazing Idea

The most efficient back yard barbecue chefs know that the smartest and quickest trick to an even, glowing fire is using a layer of strong,

absorbent Kleenex paper towels over the coals. The chef squirts charcoal starter over the layer of paper towels and ignites it. Assisting the chef, an outdoor wife uses the towels for picnic placemats, hamper packaging and at the end of the outdoor meal, for clean up tasks.

SIGHTLINES

If your eyes are tired, what's the first thing you do? Rub them? That's the last thing you should do, says the Better Vision Institute—unless you rub them with your elbow. Impossible, of course. But that's the point—never rub your eyes with anything. Fingers and knuckles carry germs and dirt, so hands off, elbows only!

HEIDENHEIMER'S

Driver Improvement Course Planned Here

Plans are now underway by the Hamlin Police Department for a Driver Improvement School for traffic violators. Police Chief Bryan Wasson said the school will be attended on a voluntary basis by persons who receive a traffic ticket.

A \$5 registration fee will be charged. A violator who completes the school and passes a final examination will have his ticket dismissed. A conviction report will not be sent to Austin, therefore the ticket will not become a part of his driving record, Chief Wasson related.

Instructors for the school will probably be local officers as well as Department of Public Safety officers. The Department of Public Safety, Drivers License Division, and Safety Education Division will help prepare the written tests.

Chief Wasson said that ma-

terial to be used in the school is on order at this time.

The school will be held in one of the local school buildings and will probably be two-hour sessions each of four nights.

It is anticipated that the first class will be held in late September or early October, Chief Wasson said.

Persons who have not received a ticket, but are interested in improving their driving skills will also be eligible to attend.
